

Independence

Every Fourth of July and many other times throughout the year the thoughts of patriotic citizens turn to the subject of independence.

If we are really thoughtful, we will not stop with a consideration of the joys and benefits of political freedom, great as it is.

We still have with us a tyranny of extravagance and debt that holds countless thousands in subjection.

The first step out of this thralldom is to make a Declaration of Independence by starting a Savings Account with the Bank of Glendale.

This may mean a revolution in your manner of living, but the peaceful and happy consummation of your struggle a few years hence, when you have reached the goal of financial independence, will well reward you for your present toil and self-sacrifice.

CRYSTAL WEDDING ANNIVERSARY

Fifteen years of wedded life were celebrated recently by Mr. and Mrs. F. B. Jones, who invited a few friends to their home, 1543 West Seventh street, to assist in celebrating their crystal anniversary.

Pink carnations, hydrangeas, Shasta daisies and fern were effectively combined and arranged throughout the house wherein at the appointed hour the guests arrived with many beautiful gifts of cut glass and crystal and also a huge wedding cake, beautifully frosted and inscribed with the years, 1899 and 1914. All these were presented to the surprised couple, who introduced various games as a source of amusement and later served their guests to dainty refreshments that corresponded to the pink, yellow and white motif that prevailed in the home.

The victory of Waldo Yard in one of the guessing games of the evening was asserted by presenting the lucky youth with a mammoth box of candy, which he generously shared with all present.

WHAT ANY WOMAN KNEW

"My dear," remarked Jones, who had just finished reading a book on "The Wonders of Nature," "this really is a remarkable work. Nature is marvelous! Stupendous! When I read a work like this it makes me think how puerile, how insignificant

is man." "Huh!" sniffed his better half. "A woman doesn't have to wade through four hundred pages to find out the same thing."—Judge.
